REQUEST 6 (AG ID# 484002) – FOR ANN MORGAN LILLY AND DEBBIE HAMLYN ONLY

As the City's Public Information Officer, I am hereby requesting that you voluntarily turn over to the City any documents that you have in any of your personal e-mail accounts that are responsive to the following requests:

- E-mails sent to or from your personal e-mail accounts sent from August 1, 2012 to August 31, 2012 that include the following content or related content:

"So last night this petition was being circulated and some of us thought it was a sign in sheet. We removed our names but I kept one sheet. Look at the bottom where the notary has to sign. Read my other attachments on prohibited acts by notaries. Every signature on a petition must be physically signed in front of a notary. If a notary certifies this petition and did not see these people sign then they are breaking the law.

I have to ask-does Richarda get any kind of affidavit from the notary that signs petition to actually prove they witnessed these people signing? I don't think so. This is a way to throw out each and every petition that comes to the City.

I am going to ask Jim Tolbert who notarized his petitions and did a notary stand and witness each and every signature."
